## ABOUT ME

An enthusiastic IT student pursuing a Master's degree focused on Software Development and Business Information Systems. My primary technical strength is in modern frontend development, where I excel using React.js and Tailwind CSS. I am committed to continuous learning, and my Master's studies have successfully expanded my expertise across various interdisciplinary IT skills, ready to contribute effectively in a demanding environment.

## EXPERIENCE

Generali Romania

2023 - 2025

Insurance agent

- Applied analytical and problem-solving skills to assess client needs (risk exposure) and structure tailored financial solutions.
- Developed and maintained long-term client relationships, improving satisfaction and loyalty, demonstrating strong communication and interpersonal skills.
- Managed complex process flows (policy issuance and compliance) and adhered strictly to internal regulations and legal requirements.
- Contributed to the achievement of team sales objectives and portfolio growth, requiring strong time management and organizational skills.

## TECHNICAL PROJECTS (SEE PORTFOLIO)

- **Personal Portfolio:** Fully responsive site showcasing skills, projects, and animated UI/UX design for a professional brand.
- **MERN stack notes app:** Full-stack application demonstrating CRUD operations, secure API design, and component-based architecture.
- **AI Agency Landing Page:** High-fidelity, theme-toggled (Light/Dark) design, demonstrating modern styling and third-party form integration.
- **Corporate Sales Landing Page:** Created a fully responsive single-page application (SPA) focused on clear information hierarchy and high conversion.
- **Real-Time Chat UI Simulation:** High-fidelity, component-based UI simulation of a modern messaging app (Inbox/Chat View).
